PROFESSIONAL SUMMARY

Passionate Computer Science graduate from Uganda Christian University with a robust foundation in software development, cybersecurity, and data systems. Adept at turning complex ideas into reality through code to solve real-world challenges. Backed by corporate IT experience and active training Enterprise Networking, I bring a continuous learning mindset and strong conflict resolution skills to build secure, innovative, and efficient solutions.

TECHNICAL SKILLS

- Programming & Scripting: Python, C, JavaScript, SQL, HTML/CSS, LaTeX
- Networking & Infrastructure: Enterprise Networking (Cisco), Network configuration, Cybersecurity fundamentals, VPN & Remote Server Configuration, Hardware/Software troubleshooting
- Frameworks & Web: React, Node.js, PHP, Yii2
- Tools & Platforms: Git/GitHub, VS Code
- AI & Automation: , AI workflow design, Automated reasoning

AWARDS & ACHIEVEMENTS

- 1st Place – Hack UCU 2025, Uganda Christian University: Won first position with "The Innovators Team" at the Hack UCU 2025 hackathon hosted by the Faculty of Engineering, Design & Technology, for a winning solution applying intelligence, connectivity, and real-time adaptation to build a University 4.0 ecosystem.

PROFESSIONAL EXPERIENCE

Service Cops | Software Development Intern (PHP / Yii2) June 2026 - Present

- Developing and maintaining web application features using PHP and the Yii2 framework as part of a structured internship program.
- Completing structured weekly training milestones and submitting progress reports on backend development tasks.
- Collaborating with the development team to build and refine functionality within an existing Yii2-based codebase.

Absa Bank Uganda | Digital Growth Support Intern June 2025 - August 2025

- Provided comprehensive technical and digital support to optimize internal workflows and enhance system efficiency.
- Assisted in monitoring network stability and troubleshooting user-facing digital platform issues.
- Documented recurring technical challenges and streamlined repetitive data processes to improve overall team productivity.

Jomayi Estate(Kabaga) | Property Manager 2023 - 2024

- Managed a portfolio of four properties, overseeing maintenance schedules, tenant relations, and financial collections.
- Leveraged strong conflict resolution and communication skills to mediate tenant issues, resulting in a 10% lease renewal rate across all clients for a 2-year period.

TECHNICAL PROJECTS

- Personal Portfolio Website: Designed and developed a responsive portfolio website using modern web technologies to effectively showcase software projects, technical skills, and professional experience.
- AI Study Buddy (GitHub): Developing an intelligent study assistant leveraging Agentic AI to automate learning workflows and provide dynamic educational support.
- AgroSmart Database: Designed and implemented a structured relational database (SQL) to manage and optimize agricultural data tracking.
- Dev.to Clone: Built a clone of the Dev.to developer community platform, replicating core article publishing and social features.
- CinePlus: Developed a movie trailer website allowing users to browse and watch trailers for films.
- Kora website: Designed a digital school payment and management system for K-12 with security key features and made it as SaaS(Software as a service)

EDUCATION

Bachelor of Science in Computer Science (BSCS) 2023 - 2026
Uganda Christian University, Mukono

Uganda Advanced Certificate of Education (UACE) 2019 - 2022
London College of St. Lawrence Maya

Uganda Certificate of Education (UCE)
2016 - 2018, St. Lawrence College Paris Palais

Primary Leaving Examination (PLE)
Finished 2015, Winston Primary School

CERTIFICATIONS

- Enterprise Networking Certificate - Cisco
- Agentic AI Certificate - Udemy
- Conflict Resolution Certificate - Udemy

COMPETENCIES & SOFT SKILLS

- Problem Solving & Analytics: Strong critical thinking abilities with a track record of addressing software logic and infrastructure challenges.
- Leadership & Collaboration: Proven experience managing projects and working collaboratively across diverse teams.
- Conflict Resolution: Effectively mediates disputes and aligns stakeholders, formally trained to ensure smooth project and operational execution.
- Adaptability: Ability to thrive under pressure, meet strict deadlines, and efficiently manage multiple priorities.
